JOB REQUIREMENTS:

	JOB REQUIREMENTS
Formal Education / Knowledge	Work requires broad knowledge in a general professional or technical field. Knowledge is normally acquired through four years of college resulting in a Bachelor's degree or equivalent.
Experience	Minimum five years experience in a related field.
Certifications and Other Requirements	Valid Driver's License. Ability to meet the criminal background regulations mandated by the FBI CJIS Security Policy.
Reading	Work requires the ability to read technical manuals, installation instructions, and troubleshooting documents.
Math	Work requires the ability to perform general math calculations such as addition, subtraction, multiplication, division, and evaluate statistical information.
Writing	Work requires the ability to write memos, instruction documents, spreadsheets, forms, and troubleshooting documents.
Managerial	Complex - Work requires managing and monitoring work performance of a division including evaluating program/work objectives and effectiveness, establishing broad organizational goals and realigning work and staffing assignments for the department.
Policy / Decision Making	Significant - The employee normally performs the duty assignment according to his or her own judgment, requesting supervisory assistance only when necessary. Projects and daily work are managed with little oversight, however special assignments and significant work products may be reviewed upon completion. Typically positions in this category are supervisor to mid-management jobs.
Budget Responsibility	Substantial - Has responsibility for final approval of at least one division budget and presents the budget(s) to Senior Management. Is authorized to approve division budgeted expenditures for both staff and resources up to the amount that requires the approval of Senior Management
Technical Skills	Comprehensive Application - Work requires advanced skills and knowledge in approaches and systems, which affect the design and implementation of major programs, solutions for highly complex issues, and/or processes organization-wide. Independent judgment and decision-making abilities are necessary to apply technical skills effectively.
Interpersonal / Human Relations Skills	Moderate - Interactions at this level typically result in recommendations regarding policy development, changes in policy, and implementation of policies. Interactions at this level are typically concerned with providing communications at higher levels of organizational operations and may utilize activities such as evaluating customer satisfaction, developing cooperative associations, and allocating resources to improve work operations, work quality, overall achievement of organizational goals and objectives, and customer satisfaction.
